

Press Console Viewing Systems Price Guide *as of February 1, 2022*

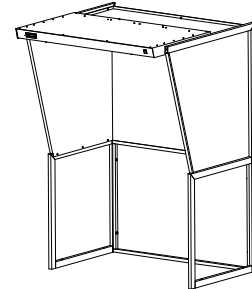

Models CVEX & MCVE Viewing Systems

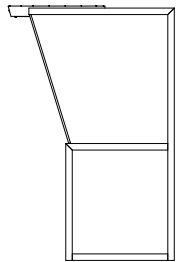

While almost all CVEX and MCVE units are priced individually due to unique design requirements, the following prices can be used as guidelines. ***It is always necessary to receive a completed CVE Specification Form prior to providing a formal price quotation.***

CVEX Floor Mounted Viewing Systems

The CVEX system is custom tailored to fit a press control console or work/viewing table. It is available with or without side walls and comes complete with the LiteGuard system monitor. The size ranges and approximate prices are as follows:

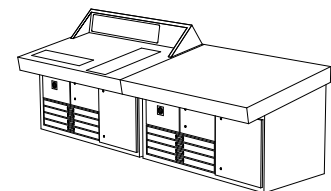

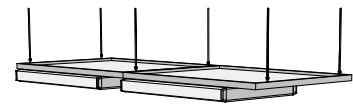

Model	Price <i>(subject to design modification)</i>	Size Range	
		depth	width (min-max)
CVEX-1 w/side walls	\$ 5,630	36"	52" - 70"
CVEX-1 w/o side walls	\$ 5,290	36"	52" - 70"
CVEX-2 w/side walls	\$10,415	36"	98" - 140"
CVEX-2 w/o side walls	\$10,075	36"	98" - 140"
CVEX-3 w/side walls	\$ 7,430	50"	52" - 70"
CVEX-3 w/o side walls	\$ 7,050	50"	52" - 70"
CVEX-4 w/side walls	\$13,815	50"	98" - 140"
CVEX-4 w/o side walls	\$13,420	50"	98" - 140"

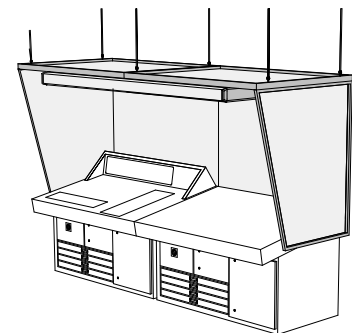

MCVE Modular Color Viewing Systems

The MCVE system is a ceiling mounted custom tailored viewing environment designed to provide accurate viewing conditions on the viewing surface while blocking ambient light sources. Rear and side walls are optional and completely modular. The MCVE comes complete with the LiteGuard system monitor. The size ranges and approximate prices are as follows:

Model	Price <i>(subject to design modification)</i>	Size Range <i>depth x width</i>
MCVE-1 w/side & rear walls	\$ 5,175	30" x 60"
MCVE-1 w/o side or rear walls	\$ 3,240	30" x 60"
MCVE-2 w/side & rear walls	\$ 9,010	30" x 120"
MCVE-2 w/o side or rear walls	\$ 6,475	30" x 120"

****Larger model MCVE systems are available - contact GTI for details.**

MCVE's can be extended to provide controlled viewing over very long (eg web) press consoles. Image at left is from LP Thebault in Parsippany, NJ.
